Product: Customer research, MVP definition, user flows, trade-off analysis, continuous improvement
Tools: Microsoft Word, Excel, PowerPoint, MS Access, Python, SQL, Tableau
Leadership: Team leadership, presentations, reports, personal initiative, cross-functional teamwork

ACADEMIC PROJECT EXPERIENCE

Product Prototype Lead, Barterly (startup concept), Digital Product Management — Fall 2026

- Co-developing with a 4-person team a marketplace where local creators trade content such as TikToks and photos for experiences at local businesses, with a platform commission.
- Gathered requirements from potential creators and local businesses by designing the user-testing questions for customer research.
- Own the first prototype, translating requirements into the core features and user flow of the MVP.
- Weigh product trade-offs with the team between creator quality and marketplace growth, such as a 500-follower minimum versus an open “anyone can join” model.

Project Head, Team Project, Organizational Behavior, Southern Connecticut State University — Spring 2024

- Led a team project, assigning tasks to team members based on their individual skills and expertise.
- Tracked the project timeline and milestones, keeping the team on track to meet every deadline.

Project, Retail Pricing and Inventory Analysis, MIS 6382 Object-Oriented Programming in Python — Fall 2025

- Researched a 12,000-product apparel catalog and found that jeans made up 48% of inventory but had the weakest customer ratings (most between 1 and 2 out of 5).
- Prepared and delivered the final presentation with a 4-person team, recommending 3 process improvements such as mandatory price and cost fields and tracking product attributes.
- Measured a 39% average gross margin in Python after cleaning about 980 incomplete records.

PROFESSIONAL EXPERIENCE

Residence Niable, Abidjan, Côte d’Ivoire — May 2019 - August 2019
Front Desk Receptionist

- Served 1,000+ guests at the front desk, resolving reservations, inquiries, and complaints in a fast-paced setting.
- Trained 2 new interns on front desk procedures and company protocols.

ADDITIONAL INFORMATION

Languages: English and French (fluent)
Eligibility: F-1 student; internships through CPT, then up to 36 months of full-time work on STEM OPT
